### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Upon reconsideration of the claims, in light of the arguments presented, the art of record does not teach or suggest the exact details crucial to defining the invention at hand. The claimed invention calls for a second program counter used only during a speculative prefetching mode, defined in the specification on page, while a first program counter used during a normal mode remains unchanged. The prior art of record teaches the use of a first and second program counter during a second mode of operation.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
